The applicant herewith undertakes to treat as strictly confidential the user ID and corresponding password for DENIC's password-protected membership webpages, as well as the contents of such webpages, to refrain from passing on the information contained therein to any third party and to disclose the information only to those employees within their business who genuinely need direct access to said webpages in order to perform their duties. Employees shall be bound by this same undertaking of confidentiality, insofar as such a duty is not already laid down in their contract of employment.

The applicant further undertakes to pay a penalty for breach of undertaking amounting to EUR 6000 to DENIC for each individual breach of this undertaking and shall not be able to invoke the argument that one breach constituted the continuation of another. The penalty for breach of undertaking shall be independent of any possible claim for damages.

Should the applicant fail to comply with these undertakings, DENIC shall have the right to block access to the webpages without any further formality or notice.

The user ID and password will be sent to the e-mail address given above. The possibility of accessing the webpages will be limited to two weeks.

This undertaking is subject to German law. For any legal dispute arising out of this undertaking (insofar as the applicant is a commercial entity) the court holding jurisdiction shall be the one competent for the place where DENIC has its seat.
